MBX[®] VINYL ZAPPER **Automotive**

The patented MBX® Vinyl Zapper / Decal eraser removes vinyl, adhesive residues, reflecting decals, stickers, pin-stripes and double-sided adhesive tape from acrylic paints on metal, wood and aluminum surfaces.

An excellent solution for removing adhesive residues from moldings - and the amazing result: no damage of paintwork.

Watch the application video with your smartphone (youtube)

Suitable for limited use on water-based paints, glass fiber reinforced plastics, Plexiglass and acrylic glass.

or directly on our website:
www.monti.de/flash/vinzapper.html

Removal of vinyl letters from vehicle

Removal of adhesive residues

The MBX® Vinyl Zapper is installed using a specially designed MBX® Adaptor system mounted onto either the MBX® pneumatic or electric drive units.

ADVANTAGES OF MONTI'S PATENTED MBX® VINYL ZAPPER

Easy handling

Due to the air cushion effect occurring when rotating the MBX® Vinyl Zapper runs vibration-free and smooth.

High operating speed

Faster working speed and a high cleaning effect due to the operating speed of 3,500 rpm.

Quality MADE IN GERMANY

Our products are manufactured in Germany and meet the highest safety regulations and quality standards.

No paint damage

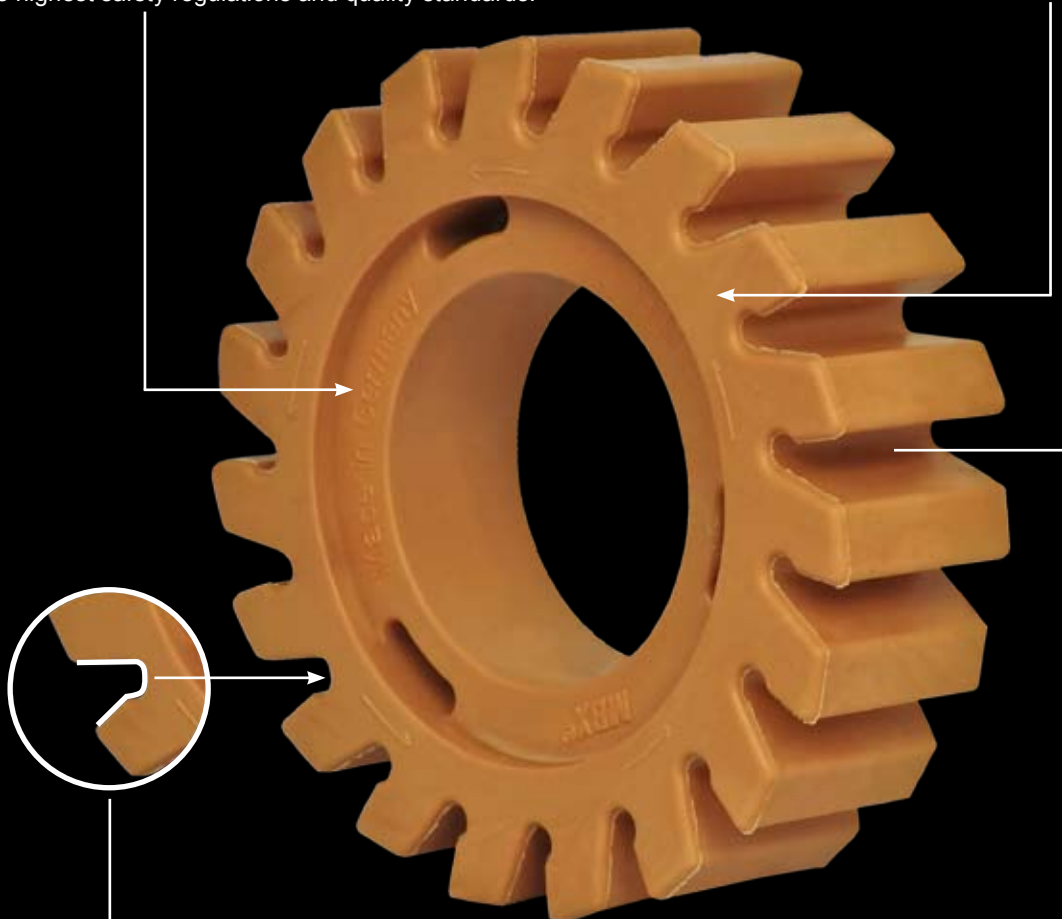

The special design and specially developed material made on a natural rubber basis ensuring there is no damage to the paintwork and no smearing on the surface despite of operating speed of 3,500 rpm.

High service life

A high service life is achieved due to the wide constructional design. The special design allows flexibility of the rubber segments and with it avoids breaking.

REACH conformity

Composition of material according to Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

Patented Design.

No breaking of rubber segments

Thanks to the improved and patented design (sloped against running direction, rounded spaces) allow flexibility of rubber segments and avoid breaking.

No Middle Brace – no burning the paint

Air filled spaces between rubber segments produce ventilation effect und avoid heat production and damaging the surface.

MBX® Vinyl Zapper Set, Electric

consisting of:

- 1 drive unit MBX® Electric
- 1 MBX® Adaptor System 23 mm
- 3 MBX® Vinyl Zapper / Decal eraser

Set 230V packed in a blow mould case
Set 230V without blow mould case

SE-202-BMC
SE-202

Set 110V packed in a blow mould case
Set 110V without blow mould case

SE-105-BMC
SE-105

MBX® Vinyl Zapper Set, Pneumatic

consisting of:

- 1 drive unit MBX® Pneumatic Heavy Duty
- 1 MBX® Adaptor System 23 mm
- 3 MBX® Vinyl Zapper / Decal eraser

Set packed in a blow mould case
Set without blow mould case

SP-110-BMC
SP-110

Also, The MBX® Vinyl Zapper is included in our sets for applications in Automotive industry e.g.

MBX® Metal Blaster® Set, Pneumatic Heavy Duty

for content see figure

Set packed in a blow mould case
Set without blow mould case

SP-121-BMC
SP-121

MBX® Electric – Automotive Set

Set 230V packed in a blow mould case
Set 230V without blow mould case

SE-206-BMC
SE-206

Set 110V packed in a blow mould case
Set 110V without blow mould case

SE-106-BMC
SE-106

ACCESSORIES / CONSUMABLE

MBX® Vinyl Zapper
